- Adaptability – Life long learning

Organised by the Developmental Partnerships:

In order to find and get to know the right partner, the PEI – together with the ISL (co-ordinator of another German DP) – invited various groups to an international workshop entitled „Integration of Disabled People into the Labour Market“. This workshop took place at the Steigenberger MAXX Hotel and the Paul-Ehrlich-Institut on 24th and 25th February 2005. Altogether, 22 participants coming from 10 DPs and 7 countries (Germany, France, Italy, Ireland, Polen, Sweden, Slovenia) took part. The meeting was located at the Steigenberger MAXX Hotel and the external office of the PEI and organised by the PEI EQUAL working group.

After an introduction of all DPs the possibilities to co-operate were discussed; first in a large group, then in smaller ones.

Finally, we succeeded in forming 3 groups from the 10 existing DPs who parted, very determined to reach a so-called Transnational Co-operation Agreement (TCA).

All participants were impressed by the organisation and successful results of the workshop.
